

## Aloe Vera

Dora: This is aloe vera. It has green spiky leaves.

Steven: Aloe vera is useful. Its gel helps heal cuts and burns.

Tony: It needs sunlight and water.

Dora: Aloe vera looks like a small cactus.

Steven: It's a natural remedy for skin problems.

Tony: We water it when the soil is dry.

Dora: Aloe vera gel is soothing.

Steven: It's great for sunburns and insect bites.

Tony: We keep it in a sunny spot indoors.

Dora: Aloe vera can grow indoors and outdoors.

Steven: Aloe vera is easy to take care of and can withstand tough conditions..

Tony: We don't overwater it, or its roots will rot.

Dora: Aloe vera is a beautiful thing to any home.

Steven: It can also make air clean.

Tony: We enjoy taking care of our aloe vera plant.

Thank you for listening.
